

Model APMPort Portable Media Collector

Model APMPort

Portable Media Collector

The APMPort portable media collector has been designed for ease of mobility with four large casters with “step-down” brakes, which lock the unit in position. This model comes complete with a full 8” diameter external arm for maximum airflow. No tools are necessary to make any adjustment to the arms. The unit is a direct drive centrifugal blower with no belts or pulleys to maintain.

The unit comes standard with high efficiency (ASHRAE 52-76) micro-glass filters. Whether running a dry application or an oil mist application, We offers a choice of prefilters to match your application. In addition, the unit can be fitted with carbon and or HEPA filtration.

ECONOMICAL PORTABLE UNIVERSAL CLEANING SYSTEM

FEATURES & BENEFITS

- 16 ga. welded cabinet
- Chemical resistant powder coated blue
- Easy mobility
- high efficiency
- Excellent air flow
- Easy arm movement
- Easy to maintain
- Positive door seal latches
- Direct Drive Blower Motor
- Vertical Exhaust
- 8” in. dia. 9’ Long Aluminum Arm

SPECIFICATIONS

- 1050 CFM
- 35” w x 24” d x 72” h
- 115/1/60, 8.7 amps
- Off/On rocker switch
- Pre-filter (20 x 24 x 4” Aluminum mesh)
- Std. main filter 20 x 24 x 30 (95% 8 pockets with loops)
- 285 pounds

OPTIONS

- APM35HE—18 X 24 X 11.5 99.97% @ 0.3 Microns
- APM35CC— 36LB Charcoal module (900 CFM)
- APM-MAG03—0-3” WC Pressure
- APM3535DA—Dual Arms (Dual Arms require 2HP blower package)
